3. Read and recorded the vaccination returns for the months of May and June 1911.

4. Read and approved the list of works sanctioned by the Vice-President in anticipation of the Board's approval, during June 1911.

5. Approved the list of works that remained incomplete at the end of June 1911 and resolved that the same be submitted to Government for sanctioning the necessary appropriation of funds.

6. Read memo No. 9262, from the District Magistrate, Kolar District, regarding the incidence of an annual cost of Rs. 6, towards the window delivery of the tappal at the Post Office at Champion Reefs.

Resolved that the Sanitary Board will pay the moiety asked for.

7. Read and recorded the Notification No. 9512—L. B. 12-10-4, dated the 18th May 1911, of the Government of His Highness the Maharaja of Mysore, approving of the nomination of Dr. J. D. O'Donnell, Chief Medical Officer of the Kolar Gold Fields Mining Board, as a non-official member of the Sanitary Board.

8. Read and recorded Government Proceedings No. 8461-74—L. B. 259-10-2, dated the 17th April 1911, sanctioning the budget estimates of the Kolar Gold Fields Sanitary Board for 1911-12.

9. Read Government Proceedings No. 484-5—L. B. 294-10-4, dated the 18th July 1911, empowering the Kolar Gold Fields Sanitary Board to levy a tax on dogs and sanctioning the levy of the same with effect from the 1st October 1911.

Recorded and resolved that license forms be printed and distributed to the Superintendents of the various mines for issue and to the Chief Sanitary Inspector for Robertsonpet and the cooly colonies.

C. SRIKANTESWARA AIYAR,
President.

SANITARY.

CENTRAL SANITARY BOARD.

Read—

1. Notes of Sanitary Inspection of Hiriyur by the Sanitary Commissioner in Mysore, dated the 25th May 1909, advocating the abandonment of the town in view of the condition of the subsoil, or the construction of drains to carry off the water that stagnates under present conditions.

2. Letter No. 5773, dated the 30th June 1909, from the Sanitary Commissioner in Mysore, to the Secretary to the Government of Mysore, General and Revenue Departments, forwarding proposals for effectively draining the present site of the town and stating that as the inhabitants would be loth to shift from the present town site, the improvement of the health of the locality by the adoption of a drainage scheme would be regarded as a great boon by them.

3. Letter No. 10223—Ml. 233-08, dated the 16th June 1911, from the Secretary to Government of Mysore, General and Revenue Departments, Bangalore, forwarding copy of letter No. 4690, dated the 29th May 1911, with enclosures, from the Chief Engineer in Mysore, suggesting certain works at a roughly estimated cost of Rs. 7,200 for improvement of the town, consisting of (*a*) cutting a trench in order that percolation and seepage from the channel may be deflected and prevented from entering the town; (*b*) the removal of prickly-pear and other rank vegetation on the bank of the river to the north of the town, and cutting small drains to keep the place dry and clean; and (*c*) the provision of a week's supply of potable water in two or three important centres of the town, by drawing the supply from the right channel from about the 10th mile by means of iron pipes, so that the people might not resort to the contaminated river water, which gets the surplus from manured cultivation on the banks.

RESOLUTION No. 3.

Dated Bangalore, the 4th August 1911.

Resolved that the scheme be approved generally, the cost being moderate and the proposals sound and well worth a trial.

P. S. ACHYUTA RAO,
Officiating President, Central Sanitary Board.
